Reach Your Customer when He is Prepared to Buy Your Goods

That is exactly what we are prepared to do for you.

We reach every day **one thousand** of the best **money spenders** on earth; we reach them in their offices and at their homes; when they **need your goods**; when their mind is centered on **buying**; when they have all buying facilities at hand; **when they really** do their buying.

We reach them every minute of every day in the year. We remind them continually that you have something they will need sometime; we never let up for a minute; because somebody is **consulting some Directory,** somewhere, **every minute, day and night, all the time.** City Directories are very long lived—they cost from $1.00 to $5.00 a copy; they are kept in use one, often two, sometimes three, and occasionally 5 years; we base our advertising prices on one year's use; you get the balance for good measure.

There is no "dead" matter in them, and the information they contain can be found nowhere else, therefore everybody who wants that information quickly, **must consult the City Directory.**

The principle reasons why the City Directory is consulted so much is that the **consultor** wants to **Buy, Sell** or **Find** something quickly; if he wants to **Buy** it may be in your line; if he wants to **Sell** or **Find** your adv. may tell him something he wants to know.

In a word, the entire Mercantile and Professional element of America uses the City Directory every working day of the year.

Can you think of any other medium that will reach your people oftener, or stay with them longer at 5 times the cost of the City Directory?

Business Directory of Beverly.

This enterprising and accessible city, located on the picturesque "North Shore," incorporated as a town in 1668 and as a city in 1894, is 18 miles from Boston, and a forty minutes ride on the eastern division of the Boston & Maine Railroad. It is very attractive, either as a place of business or residence. The population is about 18,000. It is connected with Salem and Boston by nearly forty trains a day, and with Salem, Gloucester and adjoining towns by well equipped street railways. The most important industry is the manufacture of women's and children's shoes, which is carried on to a very great extent. Many other important and successful manufacturing concerns are located here. The Board of Trade is pursuing a very liberal and public spirited policy by the erection of buildings suitable for manufacturing purposes, and by other means calculated to induce capitalists and mechanics to locate here and take advantage of the business facilities so abundantly presented.

Beverly Evening Times

The Times is the ***"Home Paper"*** of the Southeastern County. ¶ Its advertising rates are the lowest of any Essex County Daily and the fact that Advertisers who were in the paper's first issue, are in today and carrying a larger space, shows that it is a Trade Producer. ¶ A clean, bright newsy paper, one that keeps you in touch with what is going on in the towns, city, county, state, nation and world.
